

# **PETER-SERVICE policy in regard to the protection of electronically transferred user information**

## **1. INTRODUCTION**

This document sets forth the parameters governing JSC "PETER-SERVICE" (hereinafter, "PETER-SERVICE") in regard to user information which becomes available to PETER-SERVICE when users visit the web-site nexign-systems.com (hereinafter "the Site").

PETER-SERVICE uses user information for statistical analyses of visits to the Site in order to improve its structure, clarify its content and evaluate the interests of PETER-SERVICE products and services. For these purposes PETER-SERVICE may involve third parties and provide them with any necessary user information.

Users can visit the Site without providing any information about themselves, though in such cases the user will not be granted access to certain areas of the Site, offers and services, as the provision of such access requires some contact information. Such contact information provided by the user will be used by PETER-SERVICE internally, or be transferred to affiliates for the purpose of providing the user with information about PETER-SERVICE products and services.

PETER-SERVICE is obliged to not provide third parties with user information, except in the above stated cases.

## **2. MARKER REFERRALS (COOKIES)**

Some of the web-pages use 'cookies' and other tracking technologies. Cookies are small text files that can be used, for example, to collect information about activity on the Site. Some cookies and other tracking technologies may serve to recall personal data that had been previously communicated to the user. Most browsers allow the user to control cookies, including whether or not to accept them, as well as how to turn them off.

The user can set most browsers for notification in the event that cookies are received, or block them altogether. Though, it should be noted that if a user configures their browser to erase or block cookies, it may be required of the user to re-enter their user name and password in certain sections of the Site.

Tracking technologies may record information such as Internet domain and host names; IP addresses; browser software and operating systems; sequences of hits on links; and dates and times of Site visits. The use of cookies and tracking technologies allows PETER-SERVICE to improve the quality of the Site and provide greater convenience for Internet users.

### **3. PROTECTION OF USER INFORMATION**

Regardless of whether user information is stored by PETER-SERVICE or anyone on its behalf, PETER-SERVICE is obliged to undertake all reasonable and necessary measures to protect user information from unauthorized access or disclosure.

### **4. USER AGREEMENT**

Regardless of whether user information is stored by PETER-SERVICE or anyone on its behalf, PETER-SERVICE is obliged to undertake all reasonable and necessary measures to protect user information from unauthorized access or disclosure.
